Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Thursday 18 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy in west, east brighter. Mostly dry. Breezy, mild.

Today:
Cloudy for many and breezy, with most places dry. However, stronger winds across the Peak District with some drizzle possible during the morning. Brighter spells likely in the east. Rather mild. Maximum temperature 14 deg C (57 deg F).

Tonight:
Rather cloudy overnight, with only very limited clear spells. Remaining mild. Continuing to be windy with some patchy drizzle possible over the Peak District. Minimum temperature 10 deg C (50 deg F).

Friday:
Cloudy to start, but with some bright or sunny spells developing during the morning and these continuing into the afternoon. Remaining mild. Breezy at first over the Peak District. Maximum temperature 14 deg C (57 deg F).

Outlook for Saturday to Monday:
Rather cloudy, mild and breezy with the odd spot of drizzle Saturday. Rain band then clearing south later. Colder Sunday and Monday, with sunny spells, showers and brisk northerly winds.
